## PRESIDENT'S REPORT.

---

PRESIDENT'S OFFICE,

BURLINGTON, N. C., June 11th, 1891.

*To the Directors and Stockholders of the North Carolina Railroad Company.*

GENTLEMEN:—In obedience to an established custom, and the regulations of your Company, I have the honor to submit my annual report for the current year ending 31st May, 1891.

Since your last meeting, owing to the death of our esteemed Governor, the lamented Daniel G. Fowle, your former President, Col. Thos. M. Holt, has succeeded to the office of Governor, and on the 15th of April resigned his position as President of your Company.

For eighteen consecutive years it was your pleasure to elect him your chief officer, and the consummate skill, tact and efficiency ever displayed in the discharge of the duties of the office is sufficient attestation, if any were needed, of his eminent fitness for the honorable position to which he has so recently been called.

In the report of the financial condition of the Company last year, there appeared an actual debt of five thousand one hundred and seventy-eight  $\frac{92}{100}$  (\$5,178.92) dollars. This year, by reference to the Treasurer's report, you will see that we have a debt of one hundred and thirty-seven thousand eight hundred and sixty-nine (\$137,869) dollars. This is due to the fact that the semi-annual dividend of

\$120,000, declared but not due till September, has been charged to this account. When this is paid from receipts due from the lease the account will stand thus—

Debt of the Company May 31st, 1891	\$137,869 00
Amount due July 1st for lease of road	\$130,000 00
Cash on hand May 31st, 1891	12,354 69
Amount in excess	4,485 69
	<hr/>
	\$142,354 69
	\$142,354 69

Thus it will be seen that, after providing for our entire indebtedness, we will have, upon the payment of \$130,000 due July 1st, a cash balance of \$4,485.69.

By reference to the President's report for last year, it may be seen that a contract was entered into between this Company, the Richmond & Danville, and the Raleigh & Gaston Railroad Companies, to erect a Union Passenger Depot at Raleigh, not to exceed in cost \$75,000, that the site had been selected, ground purchased, plans approved, and work begun. For some cause the work lagged for a time, and public expectation for what seemed to be a great necessity was being disappointed, but I am pleased to inform you that it is now being vigorously pushed to completion, and it is confidently believed it will be ready for use early in January of the coming year.

The entire cost to your Company for grounds, foundation, building, including sheds, tracks to station, heating, &c., will not probably exceed twenty or twenty-one thousand dollars, or between four and five thousand less than limit of Committee.

Since your last meeting the Board of Directors, under authority of Chapter 174, Act of the General Assembly of 1887, have decided to build a branch road from Raleigh to Caraleigh Mills property, a distance of two miles from the main line, and the same is now in course of construction

and will be completed probably by the 15th of July. The Richmond & Danville Railroad Company has agreed to operate this branch upon the same terms and conditions as specified in the lease, and return the property at expiration of lease in as good condition as when they receive it. The cost of this work is not likely to exceed \$15,000.

Owing to the fact that your charter fixed the eastern terminus of the road on the Neuse river at its intersection by the Wilmington & Weldon Railroad, the last session of the Legislature granted an amendment making this terminus at or near the city of Goldsboro, and ratified the action of your Company in the construction of the road to this point.

It reads as follows:

AN ACT TO AMEND CHAPTER 83, LAWS OF 1848-'9, RELATING  
TO THE CHARTER OF THE NORTH CAROLINA RAIL-  
ROAD.

*The General Assembly of North Carolina do enact:*

SECTION 1. That Chapter 83, Section 1, of the Public Acts of North Carolina of one thousand eight hundred and forty-eight and nine, entitled, "An Act to incorporate the North Carolina Railroad Company," be amended by striking out in line five the words "where the same passes over the Neuse river," and inserting "at or near Goldsboro."

SEC. 2. That Section 2 be also amended by striking out the words "where the same passes over Neuse river," and inserting "at or near Goldsboro."

SEC. 3. That the construction of the North Carolina Railroad by the North Carolina Railroad Company to the town of Goldsboro, as it now exists, is hereby ratified in as full a manner as if the original charter had authorized the said Company to make a terminal point at Goldsboro, instead of where the Wilmington and Raleigh Railroad passes over the Neuse River.

SEC. 4. That the North Carolina Railroad Company is hereby empowered to hold and keep possession of all its property as the same exists at present in as full and complete a manner as if the terminal point of

said road had been designated in the original charter as being at or near Goldsboro, so that said Company shall not be prejudiced in the assertion of its rights by the fact that the terminal point at or near Goldsboro was not then in such charter. Nor shall any other corporation, or individual, be prejudiced in the assertion of their rights hereby in any court of law or equity.

SEC. 5. That the track at present in possession of said Company and running into Goldsboro, and the right-of-way to said point, shall be entitled to all the legal protection which is extended by its charter to the other parts of said road, and subject to the same provisions of said charter and its various amendments. Nor shall any other corporation, or other individual, be prejudiced in the assertion of their rights hereby in any court of law or equity: *Provided, however,* that nothing herein shall be construed to affect or destroy any vested right power or privilege now existing or enjoyed by any corporation or individual to the land over which the track of the said North Carolina Railroad now runs, or to the right-of-way over said land, or to the right, if any exists, to cross the track of the said North Carolina Railroad Company with the track of any such corporation or individual, but as to any such rights, powers or privileges the said North Carolina Railroad Company or any other corporation to be affected hereby, is left to such remedies for condemnation or otherwise as the said companies may possess under their charter, or amendments thereto, or the laws of the State.

SEC. 6. That this act shall be in force from and after its ratification.  
Ratified this the 7th day of March, A. D. 1891.

STATE OF NORTH CAROLINA,

OFFICE OF SECRETARY OF STATE,

RALEIGH, 29th May, 1891.

I, Octavius Coke, Secretary of State of the State of North Carolina, do hereby certify the foregoing to be a true copy from the records of this office.

Done in office at Raleigh, this 29th day of May, 1891.

OCT. COKE,

*Secretary of State.*

The reports of your expert, Dr. Thos. D. Hogg, which are presented as a part of this report, show that the requirements of the past have been complied with, and

that the general condition of the property is in accord with the terms of the lease. They are as follows:

## EXPERT'S REPORTS.

RALEIGH, N. C., Oct. 7th, 1890.

To MR. JNO. H. INMAN, *President R. & D. R. R.*To COL. T. M. HOLT, *President N. C. R. R.*

SIRS:—In the first week of October, as the lease requires, we examined the North Carolina Railroad from Goldsboro to Charlotte. We find that the one hundred tons of rails that were to be put in the track before the 1st of January next have not yet been laid. After the rails shall have been put in, we agreed that before January, 1892, the iron rails between the 120 and 130 mile post should be taken up and the track relaid with steel rails. This will require a little over 9 miles. We also agreed that the bridge over Yadkin river should be repaired.

We found the right-of-way, ditching, cross-ties and all other matters pertaining to the track in excellent order.

R. R. BRIDGERS,

*Expert R. & D. R. R.*

THOS. D. HOGG,

*Expert N. C. R. R.*

RALEIGH, N. C., January 24th, 1891.

COL. THOS. M. HOLT, *Pres. N. C. R. R.*,

SIR:—On examination I find that there have been placed in the track one hundred tons of steel rails, fifty pounds to the yard. They extend each side the 120th mile post. This is in full for the award by the experts in October, 1889.

Respectfully,

THOS. D. HOGG, *Expert.*

RALEIGH, N. C., June 8th, 1891.

W. F. KORNEGAY, *Pres. N. C. R. R.*

SIR:—I reported last January that the steel rails ordered for 1890 had been placed in the track. On the 5th and 6th of this month I examined the railroad from Goldsboro to Charlotte. For the rails ordered for 1891 I am assured that five miles will be laid before the 1st day of August and the remainder before the 1st of October. The weight of the rail will be  $60\frac{1}{2}$  lbs., the same as now in use between Greensboro and Charlotte.

The half of the Yadkin bridge that was wrecked has been replaced by a heavy iron structure. Now there are not more than five wooden bridges left on the road. The sidings are being constantly extended—there are probably ten times as much as there was when the Railroad was leased. Several new depot houses, both freight and passenger, have been built during the past year. The property is in excellent condition.

I am, yours respectfully,

THOS. D. HOGG, *Expert.*

All of which is respectfully submitted.

W. F. KORNEGAY,

*President N. C. R. R. Co.*

## REPORT OF FINANCE COMMITTEE.

---

OFFICE NORTH CAROLINA R. R. CO.,  
BURLINGTON, June 2, 1891.

*To the Stockholders of the North Carolina R. R. Co.*

GENTLEMEN:—Your Committee respectfully submit their report for the last fiscal year. A careful examination of the books and accounts of the Secretary and Treasurer show them to be correctly and neatly kept, and all his charges supported by proper vouchers. We have also examined the stock-book and find the transfers correctly made. The Treasurer's books show a cash balance on hand May 31st, 1891, of \$12,354.69.

Your Committee recommend that, instead of having bi-annual, we have annual sessions of the Finance Committee, owing to the fact that we find few vouchers in the hands of the Treasurer to be examined.

Respectfully submitted,

S. H. WILEY,  
J. L. BROWN,  
M. A. ANGIER,  
J. H. HOLT,  
B. CAMERON.
